Overall Satisfaction of Services

Overall Satisfaction for Walk-in inquiries

Customer Satisfaction Rate
1,000 5,000

Customer Satisfaction Rate: 5
% of Total Customer Satisfaction Rate along Table (Across): 51.58%
Customer Satisfaction Rate: 359,855

Overall Feedback for Call inquiries

Feedback
1,000 5,000

Insights:

1. Most customers are satisfied
2. Excellent performance by walk-in Agents
3. Slight performance gap for call Agents

Inquiries from customers

Reason for walk-in inquiry

Reason for call inquiry

Insights:

1. Most inquiries are related to balance transaction

2. Self service apps may have user experience issues

3. Agents are adept in answering all inquiries

Performance of OCBC Branches

Performance of OCBC branches

Insights:

1. Customers hate long waiting time
2. Rating Impact:
Long Waits = Low Ratings
3. Target Wait Time:
<15 Mins for Satisfactory Rating

Demand of Services across the day

Walk-in demand throughout the day

Peak Hours:

11AM – 1PM,
5PM – 8PM

Insight:

- Call Agent shortage during peak hours

Call volume throughout the day

Takeaways

1. **Call-in customer service's performance is slightly poorer likely due to agents being unable to keep up with demand during peak hours due to understaffing.**
2. **User experience for OCBC self-service app may require a revamp.**
3. **Customer service agents are well-trained to handle all types of inquiries.**
4. **Waiting time should not exceed 15 minutes as customers hate long waiting time.**

The End
